

PRODUCT CATALOGUE

AkzoNobel

To our Valued Customers

We at AkzoNobel Taubmans are pleased to present this new catalogue showing you a wide range of various products and their application. Our premium products all come in full colour range while our mid-tier and budget range will have some limitation in the choice of colours. Most of our products can be purchased in the following packaging sizes 18, 5 or 1L.

Our range of Marine, Protective Coatings and Yacht Paint are marketed under our well known "International" brand and our automotive paint is marketed under the brand "Lesonal".

We hope you will and this catalogue helpful when selecting a product from AkzoNobel Taubmans but if you need any further assistance our professional and friendly staff will always be on hand to assist you.

We at AkzoNobel/ Taubmans wish you a colourful reading!

Automotive

Car Renish paint products that are being used in superb colour accuracy and ease of use.

Lesonal is true value for money, full compliant renish paint system used in panel shops around the country.

Lesonal products form a total system of repair, perfectly coordinated and colour coded for easy use. Our range consists of base coats, toners, top coats, clear coats, putty and primer, hardener, thinners and accessories.

Please check out our local branch for a full range of Lesonal Products.

Yacht & Boat

In order to and the right paint solution for your boat, whether above the waterline or below water, whether you need anti-fouling paint or yacht varnish, we can help you make the right choice.

- Epiglue (Epoxy Range)
- Micron 66 (Anti-fouling Range)
- Primocon (Primer Range)

Please check our local branch for a full range of Yacht & Boat Products.

Marine & Protective Coating

Whatever the substrate - steel or concrete - your asset is subject to corrosion. Steel is at risk from the corrosive environment in which it is situated or from the various micro environments caused by the operation of your paint. Coating systems protect your assets when coupled with a comprehensive maintenance schedule, which help ensure a reliable performance at an optimal level with minimal downtime.

- INTERPRIME 198
- INTERZONE 954
- INTERTHANE 990

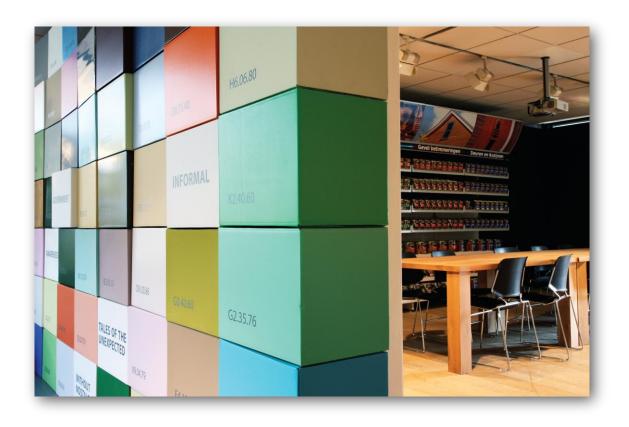

Apart from these three products please check our local branch for a full listing of International Paints.

We have a wide range of colours available

We have a wide range of colours to make that job easier for you. Choose a colour from our colour cards or fan deck and we will mix it for you using our colour delivery system.

Our knowledgeable expert staff are always happy to assist you with any queries you may have with your paint jobs.
